

The CARS Road Trip returned from another fantastic trip to The Hammond Museum of Radio. Click on the below QSL to visit the site.

In school instruction by Gary NI8Z, Steve N8IS, Dave KD8V, Tom WB8N and Bob W8GC. PSK and SSB stations were featured. Ron K8VJG at the Cleveland Zoo Rainforest(K8CRF) provided the remote part of the demonstration on 10 Meters. Even Santa took part in this class.

Providing communications for civic functions such as the Americans Walk for Diabetes in Cleveland, Ohio help give security and aid if needed.

Want to know more about what Field Day and Ham Radio really mean? Become a CARS member.

Lighthouses are more than a pretty light on the water. They also save lives and are a welcome sight to mariners after a long voyage. Amateur Radio helps give them this recognition.

**CARS is involved with our seniors.
American Diabetes Association Walk in Cleveland**

We provided communication and 4 SAG wagons for the American Diabetes walk in downtown Cleveland. The walk began at the Tower City Amphitheater down East 9th St. to Lakeside, back to West 3rd through a 3 ½ mile course ending back at the Amphitheater.

There were 542 walkers and CARS was happy to provide 4 vehicles along with 8 members who covered the 4 SAG wagons and transported the people and supplies to the rest stops.

CARS members who gave of their time Saturday morning were: Toby KC8TID, Ron K8VJG, Terry KB8DTC, Kayla KC8RYH, Tina W8HBI, Steve N8IS our team leader Tom WB8N and W8GC. A special thanks to all!

Diabetes Walk Oct. 2003
